EVENING BULLETIN

3:30 EDITION

Gives both customers and merchants a square deal

The face of an advertisement should be as dependable as the face of a chronometer, as to quality and price of goods.

ESTABLISHED 1882. NO. 4693.

10 PAGES.—HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, AUGUST 10, 1910.—10 PAGES.

PRICE 5 CENTS.

CHARGES IN REPORT OF HILO TRADE BOARD YOUNG ESTATE APPRAISERS CHANGED

Graft Charges Follow Contracts

Hilo Board of Trade Report Proves Sensation---Quick Action Planned

(Special Bulletin Wireless) The employment of an attorney by the president of the Board of Trade to decide as soon as possible what legal steps may be taken against the contractors who are involved in the charges made. A thorough investigation is sure to follow and it is believed that further developments of a sensational nature will develop involving those connected with the road work.

MANAGER CANT OF PUNA MILL ACCIDENTALLY KILLS CHINESE MILL WATCHMAN

(Bulletin Correspondence) HILO, Aug. 8.—The police are at present working on gathering together the facts of what appears to be one of the oddest accident cases on record. The evidence in their possession so far appears to indicate that Manager Cant, who runs the Cant-Holte lumber mill in Puna, accidentally killed his Chinese watchman last week. The facts which are known with absolute certainty are that Lam Pong, a Chinese who was employed as a watchman in the Cant camp, died last Saturday as a result of an injury on the head, which was inflicted during the night of the preceding Monday. A coroner's inquest was held at Olaa last Saturday, at which this much was brought out. The inquest was then continued until this afternoon. Deputy Sheriff Fetter stated that as far as he had been able to learn Cant and a Hawaiian were sitting on their veranda on the Monday night in question, when they several times heard something moving about in the yard. They thought it was a horse, and Cant threw a piece of iron at what he supposed was the animal. The theory is that this hit the watchman. The Chinese made a dying statement shortly before his death in which he stated that Cant had been very good to him, and that he did not wish him prosecuted. The man lost an arm in the Cant mill some months ago, and after he recovered he was given a job as watchman.

TUCKER HEADS BOYS' SCHOOL

Succeeds Gibson In Charge Of Industrial Work At Waialeale

Hugh M. Tucker has been appointed superintendent of Boys Industrial School at Waialeale vice T. H. Gibson who has been appointed normal inspector of schools for the Territory. This appointment of Mr. Tucker has just been made public although made several days ago. His name has been under consideration for some time to fill the vacancy caused by the promotion of Mr. Gibson. The industrial school last year had 161 pupils enrolled and did a large work, turning into the treasury of the Territory the sum of \$146.88 from crops raised and work done by the boys on plantations. Forage crops were raised on the school land during the year and eggs and milk in considerable quantities were sold from the dairy and poultry yard. In addition to this a large amount of vegetables and other crops were raised for sale but the amount of sugar cane is not known as the grinding will not take place until 1911. During the past year the number of boys at the school increased somewhat there being 161 at the close of the school year as against 152 for the previous year. Of these boys nineteen came from Hawaii, nine from Maui, one from Kauai, and from the city and country (Continued on Page 2)

FINANCIAL WORRY IN HILO

County Funds Will Not Cover All The Debts

(Bulletin Correspondence) HILO, August 8.—The County is broke. The last meeting of the Board of Supervisors resulted in a financial panic. First the newly created appropriation committee was virtually swept aside. The following day, Lewis and Shipman tried to stem the tide. Lyman was on jury duty, and could only express his disapproval, which he did strongly, after the meeting was over. The County's liabilities exceed its funds on hand, and still a resolution dividing \$12,000 among the various districts was passed. This was followed by a resolution providing for the payment of deferred bills, which, according to Lyman means registered warrants to the tune of \$20,000. County Attorney Beers says warrants will have to be registered to a total of between \$18,000 and \$20,000. The Auditor reported a balance on hand in the general fund of \$24,677.68. Against this stand bills deferred from June amounting to \$12,553, and new appropriations to the amount of over \$16,000. July road claims, according to the figures compiled in the Clerk's office amount to \$8,113.51, and there are deferred bills amounting to \$11,608.28 to be reckoned with besides. The first excitement was had when (Continued on Page 4)

Irish Sea Aviator Crossed By Flier

LONDON, Aug. 10.—One of the most hazardous of overseas aeroplane flights has just been completed, when Robert Lorraine made a flight across the Irish Sea, a distance of eighty miles.

Gaynor Is Improving

NEW YORK, Aug. 10.—The condition of Mayor Gaynor, who was shot by a discharged city employee yesterday, is unchanged today. The physicians consider the outlook decidedly favorable and believe that it will be possible to avoid an operation.

WICKERSHAM IS LEADING

JUNEAU, Alaska, Aug. 10.—Jas. Wickersham, the independent Republican candidate for Delegate to Congress, is probably reelected, judging from the partial returns that have been received.

\$90,000 BLAZE AT PORTLAND

PORTLAND, Ore., Aug. 10.—An explosion that occurred today in the laundry of a celluloid factory caused a fire that resulted in the destroying of property valued at \$90,000.

HILO WANTS NEW WHARF

Says Richards In Letter To Governor Today

Governor Frear this morning received a letter from President Richards of Hilo Board of Trade telling of the action taken at the meeting of Saturday and expressing the opinion that all of Hilo wanted the wharf. As to whether there should be an approach for teams built by the railroad or not, there was a difference of opinion, according to Mr. Richards. Some of the citizens thought that a wagon approach should be built by the railroad company along the line of their track, but by far the greater number believed that the government should build the road. The letter follows: Honolulu, T. H. Dear Sir:—I have for acknowledgment your favor of the 15th inst. regarding application of the Hilo Railroad Co. for a license to construct a wharf in Hilo Bay. In reply I would say that a public meeting was held at the Hilo Court House Saturday afternoon last. The meeting was a large and thoroughly representative one and full opportunity was given for expression of opinion. Hilo sympathy is entirely with the Railroad Co. in all matters, and they would refuse absolutely, and to a man, to endorse anything that would appear to work any unnecessary additional cost or hardship upon them. (Continued on Page 2)

Aviator Injured

(Special Bulletin Cable.) ASBURY PARK, N. J., Aug. 10.—Walter A. Brookins, who recently established the altitude flight for aeroplanes, reaching a height of 6275 feet, today in an attempt to beat his own record fell from his machine and was seriously injured.

WANT WHARF RIGHTS PLAINLY SHOWN

Resolution Is Adopted At Hilo Public Meeting

SUGGEST CHANGES IN THE LICENSE FORM

(Special Bulletin Correspondence) HILO, Hawaii, Aug. 8.—"Be it resolved, that we, citizens of Hilo, Island of Hawaii, in public meeting duly called to consider the license to build a wharf in Hilo harbor proposed to be issued by the Superintendent of Public Works to the Hilo Railroad Company, after full consideration of said proposed license, are of opinion that the public interests are fully and properly protected by the terms of said license, and that the same should be promptly issued; "But we suggest and request that, to more clearly set forth the public right of access to said wharf, the following clause be added to Section 7 of said proposed license, viz.: "Provided, however, that the company shall not make any rules and regulations nor do any act which will in any way bar the public from access to and ingress and egress to and from said wharf over any public approach to said wharf, during ordinary business hours, and at the time of arrival or departure of any ship docking at said wharf; "And be it further resolved, that, in our opinion, there should be a proper wagon road to said wharf, when built; and we hereby request that the Governor and Superintendent of Public Works will recommend to the Legislature an appropriation for such purpose and hereby request our Senators and Representatives to also work for such appropriation. "And be it resolved that the chairman of this meeting is hereby instructed to forward a copy of these resolutions to the Governor." The above expresses the opinion of the community of Hilo, as expressed at a mass meeting of the citizens of the town, which was held last Saturday afternoon at the court-house, Freeman's Hall, where the meeting was to have been held, proving too small to accommodate the large gathering.

During the past week the license which it is proposed to grant the Hilo Railroad Company to build a wharf near the breakwater was the main subject of discussion. Early in the week Chairman Richards of (Continued on Page 3)

The transport Dix was reported off Koko Head at 2:10 p. m. today.

VIRGINIA CITY HAS BIG FIRE

VIRGINIA CITY, Nev., Aug. 10.—The surface building was burned here today, causing a loss of \$50,000. This is the building at the Best and Belcher mine, which is on fire.

Remember, girls, that pinning a \$17 hat on a 17-cent head doesn't increase the value of the head.

Few people care if care did kill a cat.

Andrews Asks Cohen Support

Makes Plea Before Gathering At Kakaako And Talks For His Man

Lorrin Andrews and J. C. Cohen, to Siberia would be effectually abolished in hand, appeared before an audience in Kakaako last night and proceeded in an effort to win support for the private machine that is represented by themselves. Andrews proceeded to read a few of his opponents out of the Republican party and J. C. Cohen threw down the gauntlet and announced that if he was returned to the Legislature, this time as a Senator, he would see to it that the law that sent Jack Atkinson (Continued on Page 4)

NOT BEING AMERICAN CITIZEN BOTTOMLEY CANNOT APPRAISE ALEXANDER YOUNG ESTATE

"No man not a citizen of the United States can be an officer of this court. The order appointing appraisers for the Young estate is set aside." Such were the terse words which Judge Robinson of the Circuit Court delivered to Attorney Warren late yesterday afternoon, the man to whom he had reference being A. W. T. Bottomley. When the Young will was admitted to probate several days ago there was a board of appraisers appointed consisting of M. T. Simon, R. W. Shingle and A. W. T. Bottomley. It was brought to the attention of Judge Robinson, however, that Mr. Bottomley had never become an American citizen, and on this account the order appointing the appraisers was immediately vacated and set aside. Attorney Hemenway, who appeared in court representing the petitioners for the probating of the will was notified at once by the court of the vacating order. No new appraisers were appointed today, and it is not known when others will be named. It is likely that one will be appointed in Mr. Bottomley's place and the other members of the board will remain the same.

CIVIL CASES NOT DROPPED

Burchfield May Face Police Court Charges

Although Lieutenant Burchfield of the Marines is reported to have only suffered the loss of thirty numbers as a result of his escape at Waikeke some weeks ago, it was stated this morning by Sheriff Jarrett that the civil authorities would proceed against the lieutenant on a couple of charges. At present there is a charge hanging over Burchfield's head, and the complainant is S. K. Kaha, one of the men whom the lieutenant is alleged to have held up at the point of a gun. This case has been postponed from time to time, pending the result of the court martial on Burchfield being announced. C. Crozier, who also was held up by the lieutenant, is said to feel much angered over the result of the court martial, and it is probable that he will lay a charge against Burchfield also. The Kaha case was called this morning but as the prosecution was not ready the matter was sent over till next Wednesday; C. H. McBride appeared for Burchfield. And many a man has been roped in with a matrimonial tie. The trouble with some men is they have too many fool friends. A woman isn't necessarily wise because she can fool a fool man.

GRAND JURY WILL REPORT

Seven Indictments To Be Returned This Afternoon

It is understood that seven indictments will be returned by the Territorial grand jury this afternoon when that body reports to Judge Cooper at 4 o'clock. For the past week the grand jury has been investigating some mine cases, and the only one of importance which will be reported upon today is that of Kaluna, who is held for the murder of his wife and against whom a true bill has been found. The other cases which have been investigated by the jury are all minor ones, several of them being cases of larceny and burglary, those accused being now held in custody. At 1:30 this afternoon the jury met to make out its report, but the notification sent to Judge Cooper was to the effect that the report would be made in the courtroom at 4 p. m. This is the second report of the jury since it was sworn in on August 1, a number of indictments for minor charges being returned last Wednesday, all but one of which having been already disposed of by the court. Nothing short of hard cash will make an impression on a heart of stone.
